

Fresh water, all day every day

The new improved range of Onga Filtration provides you unlimited clean and fresh tasting water for drinking and cooking at the touch of a lever. Onga offers filters that improve the look, taste and odour of your water.... No matter what the quality.

Choose one of the many diverse cartridges to deliver high quality fresh tasting water to your tap all day every day!

For your best success with installation and performance, contact your local Onga stockist who will be able to help you select the best filter for your application and requirements.

*Filters are recommended for Tank water use only. Please check with local authorities. Twin kit no longer available.

Filter Housings

Slimline Filter Housings

PN 705860

Standard Filter Housings are manufactured of a durable polypropylene or clear FDA-compliant Styrene-Acrylonitrile (SAN)

The reinforced polypropylene cap offers an optional pressure relief button on the inlet side to relieve pressure inside the housing when changing filter cartridges.

Whole of House Filter Housings

PN 705862

Standard Filter Housings are manufactured of a durable polypropylene or clear FDA-compliant Styrene-Acrylonitrile (SAN)

The reinforced polypropylene cap offers an optional pressure relief button on the inlet side to relieve pressure inside the housing when changing filter cartridges.

Unusual taste or odour

Does your water supply have an unusual taste odour?

Onga has the solution that will reduce these along with other typical contaminants such as pesticides, dirt, sand and organics which can be found in household plumbing. Ensure your family has clean drinking water today.

Fresh, clean water for your home

Onga Water Filtration

L5 000229

Cartridges

Whole of House Filters

Whole of House Filters can be installed on the cold water line entering your home, whether tank or well water. Clean water through your home will protect your plumbing from debris. It will add years to your appliances and minimise repair costs.

Slimline Filters

No matter the application, Onga slimline cartridges have what it takes to handle the most undesirable water quality concerns. All have been designed for easy installation and maintenance and carry the reputable Onga brand name.

Rainwater Cartridge

NCP BB Whole of House Pleated Carbon Impregnated PN 707859

- **Micron Rating** 10 micron nominal
- **Temperature Range** 4.4 - 51.7°C
- **Reduces** Taste, Odour, Colour, Sediment
- **Application** Rainwater cartridge that is good for reducing colour, odour and sediment.

GAC-BB Granular activated carbon filter cartridge PN 705869

- **Micron Rating** 20 micron nominal
- **Temperature Range** 4.4 - 51.7°C
- **Reduces** Chlorine Taste & Odour, Bad Taste & Odour, Colour
- **Application** Cartridge is a high level colour and odour remover.

R30-BB Pleated Polyester filter cartridge PN 705863

- **Micron Rating** 30 micron nominal
- **Temperature Range** 4.4 - 51.7°C
- **Reduces** Sediment
- **Application** Whole of house pre-filter

DGD-5005 Dual-Gradient Density Spun Polypropylene PN 705864

- **Micron Rating** 50 micron outside, 5 micron inside nominal
- **Temperature Range** 4.4 - 6.28°C
- **Reduces** Sediment
- **Application** Dual pre filtration cartridge that is good for whole of house pre filtration.

The ECP options are substitutes for wound sediment cartridges that are no longer available. Pleated Cellulose Cartridges cover a wider surface area than wound sediment cartridges and represent a better option than the old part numbers 705972, 705880.

Taste and Odour

CBC-10 Carbon block filter cartridge PN 705885

- **Micron Rating** 0.5 micron nominal
- **Temperature Range** 4.4 - 82.2°C
- **Reduces** Cysts, Chlorine Taste & Odour, Bad Taste & Odour, Sediment

FloPlus-10 Carbon/Fibre block filter cartridge PN 705857

- **Micron Rating** 0.5 micron nominal
- **Temperature Range** 4.4 - 38°C
- **Reduces** Cysts, Chlorine Taste & Odour, Bad Taste & Odour, Sediment

CB1-10 Carbon block filter cartridge PN 705858

- **Micron Rating** 1 micron nominal
- **Temperature Range** 4.4 - 82.2°C
- **Reduces** Chlorine Taste & Odour, Bad Taste & Odour, Sediment

Rainwater Cartridge

NCP-10 Carbon-impregnated Polyester filter cartridge PN 705882

- **Micron Rating** 10 micron nominal
- **Temperature Range** 4.4 - 51.7°C
- **Reduces** Chlorine Taste & Odour, Bad Taste & Odour, Sediment
- **Application** Rainwater Cartridge Filter.

GAC-10 Granular activated carbon filter cartridge PN 705856

- **Micron Rating** 20 micron nominal
- **Temperature Range** 4.4 - 51.7°C
- **Reduces** Chlorine Taste & Odour, Bad Taste & Odour

Sediment

ECP20-10 Pleated cellulose/polyester filter cartridge PN 705871

- **Micron Rating** 20 micron nominal
- **Temperature Range** 4.4 - 51.7°C
- **Reduces** Sediment, recommended for chlorinated water supplies

ECP5-10 Pleated cellulose/polyester filter cartridge PN 705870

- **Micron Rating** 5 micron nominal
- **Temperature Range** 4.4 - 51.7°C
- **Reduces** Sediment, recommended for chlorinated water supplies

PS1-10C Spun Polypropylene filter cartridge PN 705867

- **Micron Rating** 1 micron nominal
- **Temperature Range** 4.4 - 62.8°C
- **Reduces** Sediment

R30 Pleated Polyester filter cartridge PN 705868

- **Micron Rating** 30 micron nominal
- **Temperature Range** 4.4 - 51.7°C
- **Reduces** Sediment
