

Valve Boxes

COMMERCIAL ROUND 6" (150mm) and 10" (250mm)

Key Properties

	Body & Lid Material	Weight	Overall Height	Body & Lid Colour	Optional Purple Lid
6" (150mm)	HDPE	0.6 kg	220mm	Green	No
10" (250mm)	HDPE	1.3 kg	255mm	Green	Yes

Features & Benefits

- Moulded from HDPE to provide rigidity and resist warping
- Twist lock lid for easy installation and removal
- Pipe cut-outs to allow easy installation
- T-lid to prevent dirt from accumulating around the edges and to provide added strength
- Lid states "Irrigation Control Valve" to allow easy identification as to what is in the box
- Lock down bolt (plated) is standard on the 10" (250mm) only to allow the lid to be secured and provide vandal resistance (nut is standard part of the moulding process)
- Optional Stainless Steel bolt available on the 10" (250mm) only
- Optional purple lids available for the 10" (250mm) for recycled water applications
- All boxes can be nested for ease of storage
